Welcome Message

Dear Colleagues,

We take immense pleasure to invite you to participate in the 8th Annual National Conference of the Society for Hand Therapy (SHT), India, to be held on 6th (Friday) & 7th (Saturday) August, 2021, on virtual platform. The 8th Annual National Conference of the Society for Hand Therapy (SHT), India, will be organized in collaboration with the 44th Annual National Conference of the Indian Society for the Surgery of the Hand (ISSH). The British Society for Surgery of the Hand (BSHS) will be the invited guest for this unique academic event, for the first time on virtual platform. BSHS is an affiliate of the IFSSH (International Federation of Societies for Surgery of the Hand).

This event will be one of its kind and a unique platform for all Hand Therapists: Physical Therapists and Occupational Therapists. It will be a great opportunity for experts to share their valuable knowledge and the art and science of rehabilitation of the upper quarter region of the human body. The scientific program will offer a platform to witness presentations on current and future trends as regards specialized skills in assessment and treatment to promote the goals of prevention of dysfunction, restoration of function and/or reversal of the progression of pathology, in order to enhance participation in life roles, for individuals with upper quarter disease or injury. The academic meet will enable attendees to update their knowledge, confirm their current practices and receive valuable take-home information for their clinical practice, academic enhancement and future research goals. We look forward to having you with us at this unique virtual conference.

Sincerely

The Organizing Team of the 8th Annual National Conference of Society for Hand Therapy, India

8th Annual National Virtual Conference of the Society for Hand Therapy, India

In Collaboration with 44th Annual National Virtual Conference of the Indian Society for Surgery of the Hand

SHTICON'2021 in Collaboration with ISSHCON'2021

6th & 7th August 2021

Making Hand Therapy Viable

Announcement of Scientific Sessions

General Information for the Speakers

- Design images so that information to be presented is centered on the image area of the screen. Keep letters and numbers as large as possible, so they are readable to attendees from the screen.
- Use a maximum of 5-6 words per line and a maximum of 4 lines per slide. For optimum effect, use 10 or fewer words on a slide. Use strong, bold, sans serif typefaces (such as Arial) for reading ease.
- Avoid using all upper case and underline. Provide ample spacing between words and letters.
- Word choice should be simple. Use active voice, short sentences with appropriate syntax. Projected images should reinforce spoken words.
- You might be required to consent to agree that your presentation material, photos and videos might be used for SHT, India conference souvenir to be uploaded on the SHT, India website/slide share profile.
- Please email your **Research Abstracts (Structured with Headings) up to 350 words and Case Reports/Video/Mini Movie/Guest Lectures Abstracts (Unstructured without Headings) up to 150 words** in Times New Roman font with 12 font size, 1.5 spacing, in justified alignment, in MS-Word doc format (Version: MS Office 2010-2013) along with the Undertaking & a single slide CV in ppt format to shticon2021@gmail.com to be included in the SHT, India Conference eSouvenir **(On or Before 24th July, 2021)**
- Research Abstracts (for original research and review papers) should be structured and written under the following headings: Title, Authors' Full Names with Qualification Degrees, Authors' Affiliations, Contact Details: Address, Mobile and Email, and Abstract in following headings: Background, Objectives, Study Design, Methods, Results, Conclusion and Key Words. (You may include two figures and ≤ 5 references). Please submit your structured Research Abstract in Word file as per above requisites. Abstracts for Case Reports/Video/Mini Movie/Guest Lectures should be unstructured without any headings.

Theme: Making Hand Therapy Viable

Conference Presentations will include

Oral Presentations: (10 minutes power point presentation and 5 minutes video presentation)

- Scientific, Original Research Study & Case Study Presentations
- Scientific, Secondary Research Study Presentations e.g. Narrative Reviews, Systematic Reviews
- Video Demonstration of Hand Splints

8th Annual National Virtual Conference of the Society for Hand Therapy, India
